## EXPERIENCE

I am experienced in game engines such as Unity and Unreal and the associated forms of shader language like HLSL and tools like shader graphs. I also am very familiar with C#, and some familiarity with C++ and Python. I've also worked in Blender as well as Substance. While I don't have any experience working in a studio, I have plenty of experience communicating ideas and contributing to a team.

### **Kenyon Noble, Livingston, MT-Warehouse Assistant**

June 2024 - August 2024

Customer service, Stocking and loading of construction materials, excellent teamwork and communication skills.

### **Hamm Supply, Wilsall, MT-Cleaner/Cashier/Stocker**

November 2021 - May 2022

Operated register and opened and closed store. Kind and friendly to customers and efficient at cleaning and stocking.

### **Mr. Green Clean, Wilsall, MT-Cleaner**

September 2018 - August 2021

Cleaned homes and commercial buildings. Always on time, and made sure to be polite and respectful of people's privacy.
